SOLUTIONS

Whether you need to capture mileage information, track the live locations of your vehicles or you need to increase security of your valued equipment - we can offer tracking solutions to suit any size fleet.

REPORTING

- > Allows you to know which person is driving which vehicle.
- > You can see the behaviour of the driver e.g. heavy braking, extreme acceleration and speed.
- > Alerts you to traffic build-ups.
- > Reports time taken to destination and start, break and finish times.

REAL TIME CONTROL

Complete, real time control of your vehicle fleet. Live, web-based vehicle tracking allows you to control your mobile workforce from any internet enabled device.

<p><b>“</b></p> <p><b>DO YOU KNOW WHERE YOUR DRIVER IS?</b></p> <p>&gt; We provide a truly live, real time vehicle tracking system with frequent updates so you can see where your vehicles are at that second.</p>	<p><b>“</b></p> <p><b>CAN YOU PROVE TO YOUR CUSTOMER WHEN YOUR VEHICLES ARRIVE ON THEIR SITE?</b></p> <p>&gt; Our tracking system automatically generates an alert to your customer when a vehicle arrives on their site with our real time tracking.</p> <p><b>”</b></p>	<p><b>“</b></p> <p><b>ARE YOUR VEHICLES OR DRIVERS AT RISK OF CRIMINAL ACTIVITY?</b></p> <p>&gt; It will on average reduce your insurance premium by around 10% and greatly increase the chance of recovering stolen vehicles.</p> <p><b>”</b></p>
<p><b>“</b></p> <p><b>COULD YOU INCREASE THE NUMBER OF JOBS COMPLETED EACH DAY?</b></p> <p>&gt; It increases revenue through better efficiency by cutting out unnecessary mileage and knowing where all of your vehicles are.</p> <p><b>”</b></p>	<p><b>“</b></p> <p><b>ARE ALL YOUR VEHICLES WHERE THEY SHOULD BE?</b></p> <p>&gt; Using the live update function and graphical displays you will know the location of your vehicles and what they are up too.</p> <p><b>”</b></p>	<p><b>“</b></p> <p><b>COULD YOUR FUEL BILLS BE REDUCED?</b></p> <p>&gt; It plots the exact journey so you can make sure your vehicles are driving the most cost effective routes. Will also tell you when unnecessary journeys or diversions are occurring.</p> <p><b>”</b></p>
